October 30, 2017

To the County Executive, County Council and
The Citizens of Cecil County, Maryland

Pursuant to Maryland state law that requires essentially all local governments' pension plans to prepare a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants, we hereby issue the Annual Financial Report of The Cecil County Pension Plan for Public Safety Employees (the Plan) for the fiscal year ended June 30, 2017. The Plan is a pension plan of Cecil County. This report is divided into two sections: an Introductory Section including the administrative organization and the letter of transmittal; and a Financial Section including the report of the independent public accountants, management's discussion and analysis, the basic financial statements of the Plan, and certain required supplementary information.

This report consists of management's representations concerning the finances of the Plan. Consequently, the Trustees of the Plan assume responsibility for the completeness and fairness of the presentation, including all disclosures. To provide a reasonable basis for making these representations, the Trustees of the Plan have established a comprehensive internal control framework that is designed to protect the Plan's assets from loss, theft, or misuse and to compile sufficient information for the preparation of the Plan's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Plan's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Plan's financial statements have been audited by SB & Company, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Plan as of and for the fiscal year ended June 30, 2017 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the

accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Cecil County's financial statements for the fiscal year ended June 30, 2017 are fairly presented in conformity with GAAP. The independent public accountants report is presented as the first component of the Financial Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Plan's MD&A can be found immediately following the report of independent public accountants.

Profile of the Plan

The Cecil County Pension Plan for Public Safety Employees was established effective July 1, 2002 under a plan document and trust agreement enacted by the Board of County Commissioners of Cecil County to provide retirement benefits to certain law enforcement and emergency services personnel. Responsibility for the administration and operation of the Plan is vested in a 9-member Board of Trustees appointed by the County Executive and subject to confirmation by the County Council.

The Plan serves members and beneficiaries totaling 458 as of June 30, 2017 (page 9). The Plan is a single-employer defined benefit plan that covers all full-time employees on the County's Public Safety Pay Plan hired after June 30, 2002, employees who have opted to convert from the Maryland State Retirement and Pension System (MSRPS) to the Plan, and the Cecil County Sheriff. Thus, the Plan covers a majority of the law enforcement officers, correctional officers and professionals of emergency services, of Cecil County, Maryland.

Major Initiatives

Current Year. During fiscal year 2017, a GASB 68 actuarial report was completed by Bolton Partners, as well as, a valuation report to determine the fiscal year 2018 contribution due from the County. A bill was approved by County Council on June 6, 2017 and effective August 4, 2017, such that a participant shall not be required to make any further contributions to the Plan on and after the date on which such Participant is credited with 25 years of Creditable Service.

Long Term. The Board of Trustees will provide additional educational opportunities to Board members as an increased level of turnover has occurred in the Board. The Board of Trustees will continue to work to ensure that the Plan assets are invested with the long-term objective of earning amounts sufficient to cover expected benefit obligations, while assuming a prudent level of risk.

Additions and Deductions from Plan Net Position

Additions to the net position of \$9,647,681 were comprised of contributions from the County and plan participants of \$3,060,642, net investment earnings of \$854,256 and gain on market value of \$5,732,783 for fiscal year 2017. Deductions to the net position of \$2,298,148 include \$1,909,418 in direct pension payments to participants, \$332,399 return of contributions and interest to terminated participants and \$56,331 in administrative expenses, resulting in an increase in net position of \$7,349,533 for fiscal year 2017.

The Plan was created to provide retirement annuities, survivor benefits, and total and permanent disability benefits to qualified members and their beneficiaries. The cost of such programs includes recurring benefit payments as designated by the Plan, refunds of contributions to terminated employees, and the cost of administering the Plan. The total deductions from Plan net position related to the above programs amounted to \$2,298,148 in fiscal year 2017.

Additional information regarding additions and deductions is contained in management's discussion and analysis which begins on page 3.

Investments

Through its plan document, trust documents, policies, and procedures, the Plan has established standards to assure that fiduciaries shall discharge their duties solely in the interest of the Plan participants and beneficiaries and with the degree of diligence, care, and skill which prudent men and women would ordinarily exercise under similar circumstance in a like position. (The general concept is often known as the "prudent person rule.") These standards permit the diversification of investments by the Plan to enable the Plan to reduce overall risk and increase returns.

The Board of Trustees has established an investment policy that allows for the delegation of investment authority to professional investment advisors. The statement of investment policy outlines the responsibility for the investment of the fund and the degree of risk deemed appropriate for the fund. Investment advisors are to execute the investment policy in accordance with the Plan and Trust documents, as well as, Board policy and established guidelines, but can use full discretion within the policy and guidelines. For fiscal year 2017, the return on investments, net of fees, was 14.82%.

Funding

A pension plan is well funded when its assets are equal to or greater than the actuarial accrued liability. The Plan's funding objective is to meet long-term benefit promises through contributions that remain approximately level as a percent of member payroll. The greater the level of funding, the larger the ratio of assets accumulated to the actuarial accrued liability, and the greater the level of investment potential.

Professional Services

Professional consultants are appointed by the Board of Trustees to perform professional services that are essential to the effective and efficient operation of the Plan. An opinion from the certified public accountant is included in this report. The consultants appointed by the Board of Trustees are listed on page v.

Acknowledgements

The operation of the Plan was made possible by the efforts of the County Executive, County Council and other elected officials and department heads, the Trustees of the Plan, the Human Resources staff, members of the Department of Finance, and the cooperation of the members of the Plan. Preparation of the Annual Financial Report on a timely basis was made possible by the dedicated service of the Department of Finance staff.

In closing, the Trustees look forward to serving the members of The Cecil County Pension Plan for Public Safety Employees by providing benefits in their retirement.

Respectfully Submitted,

Winston L. Robinson

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the County Executive and County Council and
The Citizens of Cecil County, Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of the Cecil County Pension Plan for Public Safety Employees (the Plan), a fiduciary fund of Cecil County, Maryland, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the Plan, as of June 30, 2017, and the respective changes in its financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary schedule of changes in the County's net pension liability and related ratios, schedule of County contributions and schedule of investment returns be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Plan's basic financial statements. The accompanying introductory section and other supplementary information as listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

THE CECIL COUNTY PENSION PLAN FOR PUBLIC SAFETY EMPLOYEES

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Fiscal Year Ended June 30, 2017

The Trustees of the Cecil County Pension Plan for Public Safety Employees are pleased to present to readers of the financial statements of the Plan this narrative overview and analysis of the financial activities of the Plan for the fiscal year ended June 30, 2017.

Financial Highlights

The assets of the Plan exceeded its liabilities at the close of the fiscal year by \$51,266,429 (net position). The Plan's net investment income increased from a negative \$1,304,390 in 2016 to a positive \$6,587,039 in 2017 mainly due to a record breaking stock market in 2017. Pension benefits to retired participants increased from \$1,672,212 in 2016 to \$1,909,418 in 2017. Return of contributions and interest to terminating participants increased from \$205,504 in 2016 to \$332,399 in 2017. As of June 30, 2017, the Plan had 250 active members, 93 retired participants, 4 disabled participants and 26 terminated vested members not yet receiving benefits.

Overview of the Financial Statements

This discussion and analysis is an introduction to the Plan's basic financial statements. The Plan's basic financial statements are comprised of three components: 1) Statement of Plan Net Position, 2) Statement of Change in Plan Net Position, and 3) Notes to the Financial Statements.

The Statement of Plan Net Position (page 6) presents information on all of the Plan's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Plan is improving or deteriorating.

The Statement of Change in Plan Net Position (page 7) presents information showing how the Plan's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The Plan is reported as a fiduciary fund of the Cecil County, Maryland, government.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found beginning on page 8 of this report.

Required Supplementary Information. The Required Supplementary Information and related notes provide additional information that is essential to a full understanding of the funding progress of the pension plan. The information can be found beginning on page 15 of this report.

Additional information. Other supplementary information is shown on page 18.

The Cecil County Pension Plan for Public Safety Employees
Notes to the Financial Statements for the Fiscal Year Ended June 30, 2017

1. Summary of Significant Accounting Policies

The financial statements of the Cecil County Pension Plan for Public Safety Employees (the Plan) have been prepared in conformity with generally accepted accounting principles (GAAP) in the United States as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. During the year ending June 30, 2017, the Plan has adopted all GASB Statements through No. 82, entitled Pension Issues. These statements did not have a material effect on the Plan's financial statements.

The following summarizes the Plan's significant accounting policies:

Financial Reporting Entity

The Cecil County Pension Plan for Public Safety Employees was established effective July 1, 2002, under a plan document and trust agreement enacted by the Cecil County Board of Commissioners to provide retirement benefits to certain law enforcement and emergency services personnel. The Plan is a single-employer public employee defined benefit pension plan. Responsibility for the administration and operation of the Plan is vested in a 9-member Board of Trustees appointed by the County Executive and subject to confirmation by the County Council. The County's Human Resources Department and Finance Department provide professional and accounting services as needed.

Although the Plan is a legally separate entity, the County appoints all members of the Plan's Board of Trustees and makes all employer contributions to the Plan. Only County public safety employees can be members of the Plan and the County is financially responsible for the Plan's pension obligations. The Plan is a blended component unit of Cecil County, Maryland, because it provides services and benefits exclusively to the County.

Additional copies of this annual financial report and actuarial information should be addressed to Winston L. Robinson, Cecil County Director of Finance, 200 Chesapeake Blvd, Suite 1100, Elkton, Maryland 21921

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the Plan.

Investments

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. For fixed income securities, fair value may be based on quoted market prices.

The pension plan is authorized by the Plan and a trust agreement with the County Council of Cecil County to establish an investment policy and invest long-term to pay benefits to plan members. The investment policy allocates investments between 1) large, mid and small capitalization stocks,

The Cecil County Pension Plan for Public Safety Employees
Notes to the Financial Statements for the Fiscal Year Ended June 30, 2017

and international equities traded on national exchanges; 2) fixed income domestic debt securities traded on national exchanges; and 3) cash equivalents (deposits or short-term investments maturing within a year). Certain investments are prohibited. Specific allocation targets are reviewed annually and are to be diversified as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
U.S. Large cap equities	17%
U.S. Mid cap equities	15%
U.S. Small cap equities	20%
International equities	12%
Emerging Markets	3%
Fixed Income	<u>33%</u>
Total	100%

Rate of Return. For the year ended June 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was a 14.82%.

Fair Value Measurements

The Plan categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions

2. Plan Membership

Membership of the Plan consisted of the following as of June 30, 2017, provided by the Plan administrator.

Retirees and Beneficiaries receiving Benefits	93
Disabled & Disabled Beneficiaries	4
Vested Terminations not yet eligible to receive benefits	26
Terminated Plan members non-vested and due a return of contribution	85
Active Plan Members	<u>250</u>
Total	<u>458</u>

3. Plan Description Summary

The following summary description does not replace any Plan documents.

Plan Description and Eligibility: The Plan is a single-employer defined benefit plan that covers all full-time employees on the County's Public Safety Pay Plan hired after June 30, 2002, employees who have opted to convert from the Maryland State Retirement and Pension System (MSRPS) to the Plan, and the Cecil County Sheriff.

Service Benefits: Monthly income for life is based on 2.0% of average annual compensation multiplied by years of service, not to exceed 25 years, divided by 12. Average annual compensation is one third of the compensation of the covered employee during whatever period of 36 consecutive months of creditable service will provide the largest total compensation for any such period.

Vesting: 100% with 5 or more years of eligible service. Contributions are refunded upon termination for less than 5 years of service with interest of 5% on accumulated contributions.

Retirement: Normal – First of the month coincident with or immediately following the earlier of 25 years of eligible service or attainment of age 55 with 5 years of eligible service. Early – with 20 years of eligible service regardless of age, the normal retirement benefit is reduced by 6% per year for each year prior to the normal retirement date.

Disability Benefits: Benefit for ordinary disability is based on years of creditable service. Benefit for disability occurring in the line of duty is a monthly payment of 66.67% of average annual compensation reduced by any social security and worker's compensation benefits; there is no minimum service requirement. Applications are reviewed by a disability review board.

Survivor Benefit: Various depending on the option of the participant.

Death Benefit: Ordinary – After one year of creditable service, the surviving spouse shall receive a lump sum equal to participant's contributions plus interest plus one year of pay. Line of duty – has no eligibility requirement and a monthly benefit is paid to the surviving spouse (for life) or, if there is no surviving spouse, to minor children (until maturity). In the absence of a surviving spouse or minor children, benefits calculated as if ordinary will be paid to a named beneficiary or, lacking this, to the estate of the participant.

4. Contributions

Plan members are required to contribute 8% of the base compensation. Base compensation excludes overtime, extra-remuneration, reimbursed expenses, and essentially excludes tax related adjustments.

Cecil County as the employer is required to make actuarially determined annual contribution amounts.

This Plan is the successor to a plan offered by the State Retirement and Pensions System of Maryland (the State Plan). As such, assets related to participants of the State Plan who opted to become participants of the new plan were transferred to the Plan in several transactions during fiscal years 2003 and 2004.

**The Cecil County Pension Plan for Public Safety Employees
Notes to the Financial Statements for the Fiscal Year Ended June 30, 2017**

5. Net Pension Liability of the County

The County's net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total pension liability was determined by an actuarial valuation as of July 1, 2016 rolled forward to June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement:

Asset Valuation Method	5-year smoothed market
Inflation	2.5%
Salary increases	Rates vary by participant service
Investment rate of return	7.0%, net of pension plan investment expense, including inflation
Mortality	For healthy participants and beneficiaries, the RP-2014 Combined Healthy tables with the Blue Collar adjustment and generational projection by Scale MP-2015. For disabled participants, the table is set forward five years.

The actuarial assumptions used in the June 30, 2017 valuation are partially based on an experience study completed in 2008, reflecting July 1, 2002 to June 30, 2007 experience. However, the Plan hired a new actuary in 2012, who reviewed the assumptions in light of more recent experience and revised a number of assumptions, including the investment return, inflation, salary increase, mortality, employee termination and administrative expense, prior to preparing an experience study. The Plan Trustees will be considering authorizing an experience study in the future.

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation (2.5%). The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	52%	6.44%
International equity	12%	7.40%
Emerging Markets	3%	9.42%
Fixed income	33%	2.02%
Cash	0%	1.06%

Discount Rate: The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that the County contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore,

The Cecil County Pension Plan for Public Safety Employees
Notes to the Financial Statements for the Fiscal Year Ended June 30, 2017

the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

JP Morgan Emerging Markets -Equity Institutional	1,614,666
Prudential Core Bond Enhanced Index - Fixed Inc. Dom.	7,164,156
Prudential Core Plus Bond Fund - Fixed Inc. Dom.	7,545,119
Total Investments at fair value	<u><u>\$ 51,035,705</u></u>

The summary below identifies the fair market value level of the investments as of June 30, 2017

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of 30-Jun-17
<u>Investments by Fair Value Level:</u>				
Institutional Separate Accounts	\$ -	\$ 44,375,561	\$ -	\$ 44,375,561
Equity Mutual Funds	6,660,144	-	-	6,660,144
Total Investments at Fair Value	<u><u>\$ 6,660,144</u></u>	<u><u>\$ 44,375,561</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 51,035,705</u></u>

Fair Market Value Levels: Equity Mutual funds listed on a national market or exchange are valued at the last sales price, or, if there is no sale and the market is still considered active, at the mean of the last bid and asked prices on such exchange. Such securities are classified within Level 1 of the valuation hierarchy. Institutional Separate accounts classified in level 2 of the fair value hierarchy are valued based on quoted prices for similar assets in active markets or identical assets in less active markets, such as dealers or broker markets.

Interest Rate Risk: The Plan's formal investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The Cecil County Pension Plan for Public Safety Employees
Notes to the Financial Statements for the Fiscal Year Ended June 30, 2017

Concentration of Credit Risk: The Plan's investment policy applies the prudent person rule to its investments. The Plan invests in institutional separate accounts, which are essentially mutual funds. This sub-advised approach provides the Plan with access to some of the most respected investment professionals in the industry. The investment policy establishes an asset allocation by asset class where allowable ranges are identified by asset class. Rebalancing is performed on at least a quarterly basis, as appropriate, such that the allocation for each asset class shall not exceed the bounds of the allowable ranges. As of June 30, 2017, the Plan complied with the Plan's investment policy.

Credit Risk: No rating was available for the money market mutual fund. The Plan holds ten institutional separate accounts, which were rated by Morning Star, of which one received a 5 star rating, five received a 4 star rating, three of the accounts received a 3 star rating and one account received a 2 star rating, with 5 being the best and 1 being the worst.
